

My girl calls me pretty cause she practise what she preach, innit  
Lyric book I sleep with it, that's how I make P's, innit  
My girl came for dinner ends up staying for a week, innit  
She fucks with my visions like her pussy's LSD, innit  
Beat but don't delete, innit  
Spoon her when she sleep  
Write a banger while she sleeping but that's staying unreleased  
I was reckless as a teen cause we done drugs like they were sweets  
But that's when life was sweet  
But don't do drugs you man it's peak, innit

Roll one up and breathe, innit  
Just try find some freak, innit  
I just brought some Burberry but my baby fucking sleeps in it  
Perfume on the sleeves with it  
Know she's on my team but I know she'll flirt with people cause she's just the same as me  
Yeah, certified a freak she likes instructions when we beat  
That's cool with me I like to speak but now there's (thank you) on the sheets  
We got no towel to keep it clean  
Rock, paper, scissors where we sleep, innit  
Like I'd never heard of Wu Tang guess I sleep on cream, innit

My girl calls me pretty cause she practise what she preach, innit

End up spending three digits  
At my waist she seem midget  
But she's getting low  
She's moving apple bottom jeans with it  
Wanna sink my teeth in it  
Always gotta tease init  
Sick of going pub so I'ma take her Tenerife with it
