

Come Back To Your Man

Songs: Ohia

Coaxingly closing to dangerous eyes
They hang their lighted
She feels the effort of hand's
She feels the effort of e why e's
She feels the effort of lie's
Fumble across her
Fumble across her
There are demands on spirit and flesh
And i've made the effort to survive them
Now come back to your man
Come back to your man
Come back to your man
Come back to your man
