

## Dirty Boots

Sonic Youth

Here we go to another candle I know  
All the girls there playin' on a jelly roll

Time to take a ride, time to take it in a midnight eye  
And if you wanna go, get on below  
Pinking out the day, dreaming out the crazy way  
Finger on the love, it's all above

Everywhere it's six-sex-six by luck  
A satellite wish will make it just enough  
You'll be making out with a witch in a coffee truck

Time to rock the road and tell the story of the jelly rollin'  
Dirty boots are on, hi di ho  
Pinking out the black, dreaming in a crack  
Satan got her tongue, now it's undone

I got some dirty boots, yeah dirty boots  
I got some dirty boots, baby  
Dirty boots, hey
