

## God Is Here

Sonicflood

In Your presence there is fullness of life  
Healing flowing for body soul and mind  
God of the impossible, God of miracles is here

God is here, let the broken-hearted rejoice  
God is here, let the weak say I am strong  
God is here

In Your presence there is perfect peace  
And in stillness I behold Your deity  
God of wonders, God of power is here

God is here, let the broken-hearted rejoice  
God is here, let the sick say I am well  
God is here, let the weak say I am strong  
God is here, His wonders to perform

God is here, let the broken-hearted rejoice  
God is here, let the sick say I am well  
Oh, God is here, let the weak say I am strong  
God is here, His wonders to perform

His wonders, His wonders, His wonders to perform  
His wonders, His wonders, His wonders to perform  
His wonders, His wonders, His wonders to perform  
God is here, God is here
