Ayy, let's just keep it real  
Cause you ain't keep it real  
Tell me what's the deal  
I ain't tell nobody but I'm about to sign a deal

Hope the Lord forgive me  
For all the sins I committed in my life  
Strippers in the club and they're dancing every night  
Lord forgive 'em cause you know they ain't living right  
Lord forgive me cause I'ma be in there tonight  
Know I'm a beast but I ain't living on the hype  
[?] I ain't talking about the the dyke  
If I gotta be there I'ma fly there over night  
First class on the flight

Let's just keep it real  
Cause you ain't keep it real  
Tell me what's the deal  
I ain't tell nobody but I'm about to sign a deal  
Niggas say they know me, man this shit been getting real  
Gotta keep it silent when you playing in the field  
But back then they didn't want me now they tryna chill

Rolly on my wrist got my wrist on froze  
Only fuck 'em once then dismiss them hoes  
You the type of nigga that'll miss them hoes  
I'm the type of nigga that'll frisk them hoes  
Before they enter the estate  
I don't know you, put your phone on the tray  
Gucci's in the home bitch I'm grown, don't play  
Got in your face, Olay

Bitch we only going hard now  
Used to want a little bit but now a nigga want it all now  
Hit the town then we ball out  
Ain't too much that changed nigga  
[?] nigga  
And them bitches yeah they came quickly  
If I removed all your chains, you a lame nigga  
It's a shame nigga  
Fuck you and every nigga who came with you

Let's just keep it real  
Cause you ain't keep it real  
Tell me what's the deal  
I ain't tell nobody but I'm about to sign a deal  
Niggas say they know me, man this shit been getting real  
Gotta keep it silent when you playing in the field, for real  
But back then they didn't want me now they tryna chill
