Sonny Digital

Prada on my back
Louis on my slacks
Pocket filled wit' racks
You ain't gotta ask
You know these cards ain't got no max
I'm a real deal dripper
Yes, I shop at Saks
I can't wear no FashionNova, that shit remind me of TJ Maxx
Shit, I feel like Authur Ash the way I'm playin' with these racks
Damn, my lil' boy five, shit, I'm a dad, I can't relax
If you know, you know
I held it down and that's facts
Ain't gotta ask

I ain't never stuntin' a bitch
Mind on the money, young nigga, let's get rich
Real to the guys, I can't never ever switch
Ain't a handyman, but I can get yo' ass a fix
Thought that was yo' bitch
Why she always in the mix? (Why?)
Fifty on my wrist
Yeah, I really took that risk
Said this shit before, it took some risk to look like this
Not like that
They like this
Not like that

Guess what I paid for this watch?
You know it cost me a lot
Remember they day when I copped the Mulsanne
And I whipped that bitch right off the lot?
You know I never forgot when you counted me out, shit, that hurt me alot
Watch how I come for the top
Please, tell me a reason to stop
Gang, they ain't never change, they gave me a reason to drop
'Member when my dad was scammin', seen him schemin' plots
Brother, he was robbin', uncle, he was cleanin' pots
Servin' every damn body
Even jays or if you not

I ain't never stuntin' a bitch
Mind on the money, young nigga, let's get rich
Real to the guys, I can't never ever switch
Ain't a handyman, but I can get yo' ass a fix
Thought that was yo' bitch
Why she always in the mix? (Why?)
Fifty on my wrist
Yeah, I really took that risk
Said this shit before, it took some risk to look like this
Not like that
They like this
Not like that
