Sell their soul for that gold  
Under pressure never fold

Owning this shit like I'm oprah  
Word round the city you loco  
Banging your bitch like I'm Sosa (bang)  
Stand the ground high like I'm supposed to  
Stay in your lane or get over  
Put the little bitch in a rover  
Put that little bitch on the game  
Teach that little bitch how to zone  
I might just fly her to Cali  
Bust her ass out in the Valley  
I might just buy me a Grammy  
Cause they won't give me a Grammy  
I put this shit on my granny  
I do not fuck with them Xannies  
Only gon' fuck with the reggies  
Only gon' fuck with them stackies

Racks they forever on me  
Packs they forever on me  
Bitches gon' always want me  
Niggas gon' always clone me  
Racks they forever on me  
Packs they forever on me  
Bitches gon' always want me  
Niggas gon' always clone me  
On it now, yeah I'm on it now  
Yeah I'm on it now  
On it now, yeah I'm on it now  
Yeah I'm on it now  
On it now, yeah I'm on it now  
Yeah I'm on it now
