

Like I Used To

Sonny Fodera

I try to hit the breaks
Not think of badder days
But I don't have no power
I wish that I could change
The way you think of me
Why'd our love have to go sour

Cause letting you go has been taking it's toll
And I ain't getting any stronger
No good at goodbyes, feel lonely tonight
And I can't take it any longer

Oh, won't you hold me like you used to
You're no good for me, but part of me is still into you
Oh, when you hold me, there's nothing left to loose
Because there's a part of me that loves you like I used to do

Love you like I...
Love you like I...
Love you like I...
Love you like I...

Wish I could drown the parts
You burn inside my heart
But I ain't finding it easy
And I've tired to heal my space
Forget and walk away
I've tried my hardest, believe me

Cause letting you go has been taking it's toll
And I ain't getting any stronger
No good at goodbyes, feel lonely tonight
And I can't take it any longer

Oh, won't you hold me like you used to
You're no good for me, but part of me is still into you
Oh, when you hold me, there's nothing left to loose
Cause there's a part of me that loves you like I used to do

No need to lust forever
Don't mean we're back together
Just need to feel like heaven one more time
Hold me, there's nothing left to loose
Cause there's a part of me that loves you like I used to do

Love you like I...
Love you like I...
Love you like I...
Love you like I...

Oh, won't you hold me like you used to
You're no good for me, but part of me is still into you
Oh, when you hold me, there's nothing left to loose
Cause there's a part of me that loves you like I used to do

No need to lust forever
Don't mean we're back together

Just need to feel like heaven one more time
Hold me, there's nothing left to loose
Cause there's a part of me that loves you like I used to do

Love you like I...
