

# Shadow

Sonny Fodera

Let's start at the beginnin' about you and I  
A story of two lovers that'll make you cry  
You had me at "hello" and then you said "bye bye"  
Oh, oh, mm

Your love is my love, but my love is breakin'  
Your touch is my touch, but my hands are shakin'  
I can't get high without you, I can't get high  
My secret's comin' out, now you're my shadow

I never knew you were a drug, now I might OD  
And now you got me comin' back so easily  
I love you, I hate you  
You're my shadow, my shadow  
My shadow, my shadow

Let me be your lover, take me off the ground (Oh yeah)  
Hearin' my heart beatin' is the sweetest sound (Mm)  
You could make this simple, but it's not aloud  
Oh (Oh), oh (Oh)

Your love is my love, but my love is breakin'  
Your touch is my touch, but my hands are shakin'  
I can't get high without you, I can't get high  
My secret's comin' out, now you're my shadow

I never knew you were a drug, now I might OD  
And now you got me comin' back so easily  
I love you, I hate you  
You're my shadow, my shadow  
My shadow, my shadow  
I never knew you were a drug, now I might OD  
And now you got me comin' back so easily  
I love you, I hate you  
You're my shadow, my shadow  
My shadow, my shadow

Ah, ah (Oh, yeah, yeah)  
Ah (No, no, no, no, no, yeah), ah (Ooh yeah, yeah)

I never knew you were a drug, now I might OD  
And now you got me comin' back so easily  
I love you, I hate you (I hate you)  
You're my shadow, my shadow (You're my shadow)  
My shadow, my shadow  
I never knew you were a drug, now I might OD (I never knew you were a drug)  
And now you got me comin' back so easily (And now you got me comin' back)  
I love you, I hate you (I hate you)  
You're my shadow, my shadow  
My shadow, my shadow (Ooh yeah)

My shadow, oh, my shadow (No, no, no, no, no, no, no, no)  
My shadow, oh, my shadow (No, no, no, no, no, no, no, no)  
My shadow, oh, my shadow (You're my shadow)  
I love you, I hate you (You're my shadow, yeah, yeah)  
My shadow, my shadow
