

# It's Gonna Rain Some In My Heart

Sonny James

It's gonna rain some rain some in my heart  
It's gonna rain some rain some in my heart

I woke up this morning, sunshine everywhere  
I didn't have a worry, didn't have a care  
Then I got this note sayin', you were through with me  
Now the sun is gone it's a cloudy day I see

It's gonna rain some rain some in my heart  
It's gonna rain some rain some in my heart

Why don't I forget you? Friends would say  
They tell me stormy day has passed away  
But I know till you're back this storm is here to stay  
It's gonna rain some rain some in my heart

It's gonna rain some rain some in my heart  
It's gonna rain some rain some in my heart

Well, I always heard that sunshine follows rain  
But I can't see the sun for all this pain  
Well, things just won't be right  
Till you're back again

It's gonna rain some rain some in my heart  
It's gonna rain some rain some in my heart  
It's gonna rain some rain some in my heart
