

## Last Time

Sonny James

Somewhere outside the wind is wailing this time tomorrow I'll be sailing  
Oh my love hold me as if it was our last time  
Somewhere outside the bird is crying sounds like a million souls have dying  
Oh my love hold me as if it was our last time  
The trumpet sounds and I have things to do  
But when it's done and if I can I'm coming back to you  
Somewhere outside tomorrow's calling too many tears will soon be falling  
Oh my love hold me as if it was our last time

Oh my love hold me as if it was our last time  
The trumpet sounds  
Hold me as if it was our last time
