

Love Me Like That

Sonny James

Ohh, ohh, ohh, love me like that
Love me like that and darling, love me forever
Old man and woman a beautiful sight
Still so in love makes the whole world seem bright

Their age is a symbol of a wonderful thing
The happiness true love can bring
Ohh, ohh, ohh, love me like that
Love me like that and darling, love me forever

A baby cuddled in its mother's arms
Caressed ohh, so tender with all mama's charms
A scene of beauty, it makes my heart seem
To see the happiness true love can bring

Ohh, ohh, ohh, love me like that
Love me like that and darling, love me forever
Be mine forever I want nothing more
I'll leave you never, my heart's very sure

All that I ask is, forever be true
Love me as I love you
Ohh, ohh, ohh, love me like that
Love me like that and darling, love me forever
