SonReal

We Go!  
(Yeah! Aha)  
I'm already there  
(Yeah!)  
Oh Ooh Oh  
(You ain't gotta ask no longer cause uh)  
I'm already there  
(Yeah)  
Oh Ooh Oh  
(Go and tell my mom right now)  
I'm already there  
Oh Ooh Oh  
(Man I'm....)  
I'm already there  
(Yeah!)  
Oh Ooh Oh

It's like  
People always question when to seem to have a dream  
Please apply the pressure I love challenges I'm keen  
That's why I take the long route with everything I steam  
And hold my brain accountable for everything I've seen  
Acting like I did in ninety six when I was ten  
Back seat of truck yelling, "Daddy Daddy when?"  
Will we reach the destination that we that we heading  
Never understanding that I keep on moving for eleven  
Years plus three, oh wait, that's old as me  
And I'm rollercoasting harder than I'd ever even dreamed  
Since 09, yes a lot of things changed  
It ain't even been a year but check the rpm gauge  
Pedal to the metal with my eye's closed whistlin'  
Cracking champagne with anybody listenin'  
Spent a couple seconds racing with the hands of time  
Until I took a closer look at where I'm at and realized that umm

(Yeah)  
I'm already there  
(We Go)  
Oh Ooh Oh  
(Yeah)  
I'm already there  
(Yeah)  
Oh Ooh Oh  
(We go so hard right)  
I'm already there  
(Haha)  
Oh Ooh Oh  
(I know rich kids be saying)  
I'm already there  
(Otay)  
Oh Ooh Oh

Listen  
I'm already there  
I'm already home  
No house arrest  
Your boy is very grown

That was 06  
That was stress up on my dome  
Fast forward to 0'10  
My goal is to be known  
To be famous, no  
This is entertainment though  
Your face is on the screen  
You see em creaming in the ray of hoes  
You made it though  
Under rated by hated by broke hopeless joe shmoes  
That will give up their soul to play your position  
Wishing they could do it like you you do it like none do  
You said fuck the rest of the alphabet you done u  
Shine like the sun do  
Preach like Redrum do  
Show em how to move in a room where dudes trying to trump you  
This year I've flown the most I ever flew in my life  
These missions are experiences that influence my life  
You know the shit we go through in our life  
Tell me where you need me to be I'll be at the island boarding a porter flight  
And that's nice, fuck the price cause

I'm already there  
(Yep)  
Oh Ooh Oh  
(I know Vocabs saying)  
I'm already there  
(AH)  
Oh Ooh Oh  
(My man big pops saying)  
I'm already there  
Oh Ooh Oh  
(My whole teams saying)  
I'm already there  
Oh Ooh Oh

It's like  
People always love you when you seem to reach success  
Quick to take your picture when you looking at your best  
Still the same me, nothing new and nothing less  
I just ain't got my hands up on my head looking all stressed  
(Not not more)  
Still the same team, but built higher  
Make that show even with a flat tire  
Rock that stage like I ain't gotta show again  
Body that record like I ain't going slow again  
Light year mindstate, use what's left of me  
And like my man D said, dream is destiny  
So I'm a just exemplify that  
Family comes first I'm a emphasize that  
It ain't rocket science how we come together  
Vocab, Big Pops, Double Header  
And me and Rich unite a vivid motion  
As we detonate this bomb and give this world a big explosion  
Like, tick tick BOOM

I'm already there  
Oh Ooh Oh  
(I want you to say to yourself)  
I'm already there  
Oh Ooh Oh  
(Congratulations)

I'm already there  
Oh Ooh Oh  
(I'm a say it one last time)  
I'm already there
