

Dive Bar

SonReal

Lost all my control of the right way
Sippin' little juice on a Friday
Wrote this hook buzzed in a Dive Bar
Now everybody sing it oh my god
Ooh yea ooh yea-e-yea yea yea
Ooh yea ooh yea-e-yea yea yea
Ooh yea ooh yea-e-yea yea yea
Ooh yea yea

Go back and take a look at all the reason and the rhyme yea
Bar tender give the nod I say I'm doing fine yea
Cointreau in my blood got me speaking double time yea
If you say my name in vein you might just cross the line yea
Acting like these other motherfuckas in the lime light
Words be getting dull its time to sharpen up they hindsight
People getting humpty dumpty I come with the re-write
Look between the smokey lines underneath the black light

I don't need another cup full
I just need a change
Cause lately I don't feel right
And you been playing games

Lost all my control of the right way
Sippin' little juice on a Friday
Wrote this hook buzzed in a Dive Bar
Now everybody sing it oh my god
Ooh yea ooh yea-e-yea yea yea
Ooh yea ooh yea-e-yea yea yea
Ooh yea ooh yea-e-yea yea yea
Ooh yea yea

I will be the guy who go ahead and blur the lines now
I ain't never fit in with no crowd I guess that my town
Shot a bullet popping from the hammers that I lie down
If you say my name in vein you might just cross the line yea
I think it up think it up hey
Then I hit record until you press play
Used pray to god right before I went to sleep
That my hook melodies would get me to my dreams
Dump out my cup like I dump up my fucks
Its all part of my plan
I'm make my point and I'm point in at you
You take a dive while I'm taking a stand

I don't need another cup full
I just need a change
Cause lately I don't feel right
And you been playing games

Lost all my control of the right way
Sippin' little Juice on a Friday
Wrote this hook buzzed in a Dive Bar
Now everybody sing it oh my god
Ooh yea ooh yea-e-yea yea yea
Ooh yea ooh yea-e-yea yea yea
Ooh yea ooh yea-e-yea yea yea

Ooh yea yea

Now everybody sing it oh my god

Ooh yea oh yea

Ooh yea oh yea

Ooh yea ooh yea-e-yea yea yea

Ooh yea ooh yea-e-yea yea yea

Ooh yea ooh yea-e-yea yea yea

Ooh yea yea

Ooh yea ooh yea-e-yea yea yea

Ooh yea ooh yea-e-yea yea yea

Ooh yea ooh yea-e-yea yea yea

Ooh yea yea
