

Healing

SonReal

Uh, yeah, yeah, yeah, yeah, yeah, yeah, yeah

I don't wanna be here every day
It's kinda late for me to switch the page
And will I feel it when I hit the pavement?
On the edge and I'm just stuck debatin'
Wanna go home
Rainy days seem like an occupation
Rainy days seem like they're every day shit
That's why I ask myself

Am I for sure?
Am I enough?
'Cause I might just go
When times get tough

But I can't let go (Do what I, do what I, do what I, do what I)
When I'm healing (Do what I, do what I, do what I, do what I)
When I'm healing (Do what I, do what I, do what I, do what I)
When I'm healing (Do what I, do what I, do what I, do what I)

I don't wanna be here anyway
It's kinda late for me to switch the play
I pack my bags and then I hit the pavement
This depression's just an occupation
I wanna go home, wanna go home
Up and down, I'm always switchin' places
My reflection always loves to hate me
That's when I ask myself

Am I for sure?
Am I enough?
'Cause I might just go
When times get tough

But I can't let go (I can't let go)
(Do what I, do what I, do what I, do what I)
When I'm healing (Can't let go, no)
(Do what I, do what I, do what I, do what I)
When I'm healing (I can't let go)
(Do what I, do what I, do what I, do what I)
When I'm healing (Can't let go, oh)
(Do what I, do what I, do what I, do what I)

I can't let go when my faith get too low
So I'm dealin', I'm dealin'
Dealin', I'm dealin'
I might just try and get back up one time
'Cause I'm healin', I'm healin'
Healin'
So some nights, in my head, I say...

But I can't let go (I can't let go)
(Do what I, do what I, do what I, do what I)
When I'm healing (Can't let go, no)
(Do what I, do what I, do what I, do what I)
When I'm healing (I can't let go)

(Do what I, do what I, do what I, do what I)
When I'm healing (Can't let go, oh)
(Do what I, do what I, do what I, do what I)

But I can't let go (I can't let go)
(Do what I, do what I, do what I, do what I)
When I'm healing (Can't let go, no)
(Do what I, do what I, do what I, do what I)
When I'm healing (I can't let go)
(Do what I, do what I, do what I, do what I)
When I'm healing (Can't let go, oh)
(Do what I, do what I, do what I, do what I)
