

Heart

SonReal

I been stacking up stacking up these shits low-key
You ain't know nothing if ya ain't know nothing bout me
Came through stunting on my same old same old shit
Now I'll be damned if my heart ain't make me rich

This some shit I know know yea
I gotta vroom vroom eh gotta move move wit it
Oh oh yea
I gotta come through wit it eh gotta move with it
I just wanna live my life
Based off my sacrifice
Luck never been no vice
Bitch I ain't roll no dice
Bounce
I ain't never been no type
A loner but I shine real bright
I just keep the fam real close
New friends... nope

```
My heart made me rich bitch
My heart made me rich
My heart made me rich bitch
My heart made me rich
My heart made me rich bitch
My heart made me rich
My heart made me rich bitch
My heart made me rich
```

This some shit I know know yea
I gotta zoom zoom wit it eh what it do wit it
Oh oh yea
I gotta tune tune for ya eh how's it move for ya?
Stacking up my blessings like chips woah
Money won't buy you this woah
I could never slow my roll woah
Pil'sbury heart get doe bounce
No this shit ain't boutique
Pull up in a lemon like Rih
I just keep the fam real close
New friends... nope

[illegible]

My heart made me rich bitch
My heart made me rich
My heart made me rich bitch
My heart made me rich

We searching till we get it then we need a little more
Gripping so hard find it hard to let go
Let me tell ya something that ya ass can't hold
Money can't tell ya what ya heart ain't know

And I'll never never switch cause my heart made me rich eh
And I'll never never switch cause my heart made me rich eh
My heart made me rich
My heart made me rich
