

# Quit

SonReal

I woke up on Monday  
I might just quit  
Cause I partied on Sunday  
And I'm still turned a bit  
What you got to loose  
Yea I might just go loose my cool  
I guess I ain't got it figured out  
Yea I might just go loose my cool  
And never find it out

I got the man on the phone  
I told him I need a break  
I'm getting tired of rules  
But that don't make me cool  
I said to get the man on the phone  
And tell him I need a shake  
And you may think that I do  
But that don't make me cool  
I said  
I got the man on the phone  
I told him I need a break  
I'm getting tired of rules  
But that don't make me cool  
I said to get the man on the phone  
And tell him I need a shake  
And you may think that I do  
But that don't make me cool  
I said

What's all this money  
If my cars in park  
I find it so funny  
How we race the clock  
What you got to loose  
So I might just go break the rules  
And do a little something like this  
Yea I might just go break the rules  
Like I never gave a shit

I got the man on the phone  
I told him I need a break  
I'm getting tired of rules  
But that don't make me cool  
I said to get the man on the phone  
And tell him I need a shake  
And you may think that I do  
But that don't make me cool  
I said  
I got the man on the phone  
I told him I need a break  
I'm getting tired of rules  
But that don't make me cool  
I said to get the man on the phone  
And tell him I need a shake  
And you may think that I do  
But that don't make me cool  
I said

Du du du  
Du du du  
Du du du  
Du du du  
Du du du  
Du du du  
Du du du  
Du du du

I got the man on the phone  
I told him I need a break  
I'm getting tired of rules  
But that don't make me cool  
I said to get the man on the phone  
And tell him I need a shake  
And you may think that I do  
But that don't make me cool  
I said  
I got the man on the phone  
I told him I need a break  
I'm getting tired of rules  
But that don't make me cool  
I said to get the man on the phone  
And tell him I need a shake  
And you may think that I do  
But that don't make me cool
