

Ride

SonReal

I heard some things that they said about me
I never worry when I'm around me
I had some issues I had to iron
Don't need to rhyme to show you I'm up now
Everybody dies
All we got is time
I don't ever lie
So when I say goodbye
I never have to say
Sorry for the way
I took an L to heart
So the very next day

I come back
And get that
So relax
Imma ride, Imma ride
On my wave
It's okay
I don't play
This my ride

I come back
And get that
So relax
Imma ride, Imma ride
On my wave
It's okay
I don't play
This my ride

I heard some things that they said about ya
I never worry, I never doubt ya
I need ya trust like flowers need water
I need to grow I do what I wanna
Everybody dies
All we got is time
I don't ever lie
So when I say goodbye
I never have to say
Sorry for the way
I took an L to heart
Cause the very next day

I come back
And get that
So relax
Imma ride, Imma ride
On my wave
It's okay
I don't play
This my ride

I come back
And get that
So relax
Imma ride, Imma ride

On my wave
It's okay
I don't play
This my ride

Now I'm on my way
Now I'm on my way
Now I'm on my way
Now I'm on my way
Now I'm on my way
Now I'm on my way

I come back
And get that
Just relax
Imma ride, Imma ride
On my wave
It's okay
I don't play
This my ride
