

# Say So

SonReal

Move

Move

'Cause I say so, 'cause I say so

'Cause I say so, yeah (Hold up)

I'm big headed like a bobble toy  
Been cookin' up, got a lot of noise  
My Pops taught me like, "That a boy"  
You can't put me in any category  
I'm Bo Jackson when the flow slappin'  
It's an all-nighter, there's no nappin'  
My toes tappin' like River Dance  
When they call action  
I'm snappin' off like some paparazzi  
Been kamikaze since in the lobby  
I took the stairs just like I'm Rocky  
Now I'm up top like God got me  
Back in the lab, pen and a pad, lovin' the wave  
Back in my lane, swervin' my way, fuck what they say

Move, move, move, run it up, I don't go where they go  
It's way, way, way, way up, I don't ever lay low  
No snooze button, W's comin', they 'bout to wake up  
Why I do it? Why I do it? 'Cause I say so  
Move, move, move, run it up, I don't go where they go  
It's way, way, way, way up, I don't ever lay low  
No snooze button, W's comin', they 'bout to wake up  
Why I do it? Why I do it? 'Cause I say so

I say what I want and I do what I like  
Got nothin' to prove when I'm provin' me right  
You use it or lose it, I'm usin' it right  
I'm choosin' to move from the dark to the light  
I bang with the drum, that's par for the course  
Like cop car lights make it hard to ignore  
Like Postmates drop this right at your door  
Like ring, ring, I'm back to it  
Found love with no map to it  
I'm recession proof, I just rap through it  
Like a good movie, I sat through it  
Chameleon, I adapt to it  
Outta my brain, runnin' my lane, simple and plain  
Hop on a plane, they know the name, I can't complain

Move, move, move, run it up, I don't go where they go  
It's way, way, way, way up, I don't ever lay low  
No snooze button, W's comin', they 'bout to wake up  
Why I do it? Why I do it? 'Cause I say so  
Move, move, move, run it up, I don't go where they go  
It's way, way, way, way up, I don't ever lay low  
No snooze button, W's comin', they 'bout to wake up  
Why I do it? Why I do it? 'Cause I say so

'Cause I say so, 'cause I say so

'Cause I say so, yeah ('Cause I say so)

'Cause I say so, 'cause I say so

'Cause I say so, yeah

'Cause I say so, 'cause I say so  
'Cause I say so, yeah  
'Cause I say so, 'cause I say so  
'Cause I say so, yeah  
'Cause I say so, 'cause I say so  
'Cause I say so, yeah  
'Cause I say so, 'cause I say so  
'Cause I say so, yeah
