

## Supersize

SonReal

You can tell me lies, tell me lies all day  
But I ain't getting smaller, supersize all day  
Future on this shit, Marty McFly my way  
To the point they can't tell me nothing like Kanye  
Who knows? Who knows? Who knows?  
Whatcha, whatcha been up to, up to?  
Who knows? Who knows? Who knows?  
Whatcha, whatcha been up to, up to?

Take your time, lil homie, be proud  
Take your time, lil homie, be proud  
Take your time, lil homie, be proud  
Homie, be proud, homie, be proud

Dalai Lama with the comma, I ain't fucking with the fake persona  
They'll keep me underdog just like I love my mama  
They love me like I'm Jordan when your boy is on top  
Went platinum in my country the same day I got dropped  
My papa never saw me go shine  
So this album for him, you hear him when I rhyme  
And I know in my heart they gon' sing every line  
That's why I go insane, go insane, fuck it

You can tell me lies, tell me lies all day  
But I ain't getting smaller, supersize all day  
Future on this shit, Marty McFly my way  
To the point they can't tell me nothing like Kanye  
Who knows? Who knows? Who knows?  
Whatcha, whatcha been up to, up to?  
Who knows? Who knows? Who knows?  
Whatcha, whatcha been up to, up to?

Take your time, lil homie, be proud  
Take your time, lil homie, be proud  
Take your time, lil homie, be proud  
Homie, be proud, homie, be proud

People wanna sound the same, I just give 'em exercise  
People wanna follow orders, I just give 'em extra bars  
Sloggers wouldn't fuck with me, now loving me's a luxury  
Last year, I couldn't even get a showcase out in Texas, bruh  
Couch surfing to go and make a wave, yah baby  
That's that shit that made me change the day, yah baby  
1851 tat on my leg, yah baby  
That is why I say, yeah, that is why I say

You can tell me lies, tell me lies all day  
But I ain't getting smaller, supersize all day  
Future on this shit, Marty McFly my way  
To the point they can't tell me nothing like Kanye  
Who knows? Who knows? Who knows?  
Whatcha, whatcha been up to, up to?  
Who knows? Who knows? Who knows?  
Whatcha, whatcha been up to, up to?

Take your time, lil homie, be proud  
Take your time, lil homie, be proud

Take your time, lil homie, be proud  
Homie, be proud, homie, be proud

Who knows? Who knows? Who knows?  
Who knows? Who knows? Who knows?
