SonReal

Hallelujah, take five, it's time to reboot  
Duck, duck, goose, goose, I don't need to choose  
To the roof, with the crew, I can never lose  
Look at you, then look at me, that's a different view (Let's go)

I write this shit like John Grisham when the song hittin' (I do, I do)  
Since way back when I was 19, rappin' off rhythm (Had big heart though)
