

## Get Even

Sons Of The East

Ain't sad, but I'm missing you  
This road ain't nothing new  
Don't know why I let you leave like that  
Said the kid in the cowboy hat  
You and I used to hang around here  
Run about with the neighborhood kids  
Sentimental, but it's all I know  
So tell me how the story goes

Don't get angry, just get even  
You said it, but you don't believe it  
Ain't it funny how we're finding out?  
You think you're moving on, but you're nowhere now

You wanna slide and you wanna move  
Got a fire in the sole of your shoes  
Got a ticket on a one-way ride  
Said you might be gone a while  
Try call you on the telephone  
Somewhere down a lonely road  
Not a thing I wouldn't do for you  
Anything you want me to

Don't get angry, just get even  
You said it, but you don't believe it  
Ain't it funny how we're finding out?  
You think you're moving on, but you're nowhere now

Ain't sad, but I'm missing you  
This road ain't nothing new  
Don't know why I let you leave like that  
Said the kid in a cowboy hat
