

Sweet Thing

Sons Of The East

Took a little time to earn your trust
Call you on the phone, now you're hanging up
Are you looking for a changing heart?
Are you looking for a brand new start?

Only love pays in kind
Just take a minute to rewind
Sweet thing, where have you gone?
Something is missing in your eyes
Sweet thing, don't make me cry
'Cause I need your love to survive

Took a little time to find your way
Swear you said you know me
But nothing stays the same
Everything is changed

Only love
Only love pays in kind
Ooh, baby
Just take a minute to rewind
I'm losing my mind, baby
Sweet thing, where have you gone?
Where you gone now?
Something is missing in your eyes
Yeah, in your eyes now
Sweet thing, don't make me cry
Don't make me cry
'Cause I need your love to survive
Mm, mm

I said sweet thing, where have you gone?
Something is missing, oh baby, in your eyes (In your eyes, baby
)
Sweet thing, please, don't do me wrong
I been missing you for so long (So long)
I said sweet thing, please don't say goodbye (Oh, don't say goodbye)
'Cause to lose your love, surely I'll cry...
