

Early In The Morning

Sons Of Zion

Early in the morning
Got me grinding, overtimeing
Got mouths to feed in
I'll be working till late in the evening
Early in the morning
Got me grinding, overtimeing
Got mouths to feed in
I'll be working till late in the evening
(Said I'll be working till late in the evening)

Am I a puppet on a string
Are you having fun controlling me?
Hypnotism at its finest
Got the people mindless
Controlling our dreams
Get in line, fall in line
Get in line, or fall behind
Not even the strong will survive
Don't wanna stop, swallow your pride
And so you're leaving me no options
If I don't check all your boxes
So I'm slaving for pay
It's just the same thing every day

Early in the morning
Got me grinding, overtimeing (You got me grinding, overtimeing)
Got mouths to feed in
I'll be working till late in the evening
(I'll be working till late in the evening)
Early in the morning
Got me grinding, overtimeing
(Oh, you got me grinding all the time, yeah)
Got mouths to feed in
I'll be working till late in the evening
(Said I'll be working till late in the evening)

You're a puppet just like me, yeah
But you're happy on your knees
Egotism at its finest, voluntary blindness, yeah
Are you happy?
Get in line, fall in line
Get in line, or fall behind
Only the weak will survive
Don't wanna stop, swallow your pride

And so you're leaving me no options, yeah
If I don't check all your boxes
So I'm slaving for pay
It's just the same thing everyday

Early in the morning
Got me grinding, overtimeing
(You got me grinding, overtime, yeah)
Got mouths to feed in
I'll be working till late in the evening
(I'll be working till late in the evening)
Early in the morning (oh)

Got me grinding, overtime
(He got me grinding, overtime)
Got mouths to feed in
I'll be working till late in the evening
(Said I'll be working till late in the evening)

Controlling your time and fears
Money making, there's no regard for ears
Elevate your mind and meditate
Sons of Zion have to come to educate
F one J one
Telling you to keep the faith
Don't let the system get control of you
Open your mind up, set yourself free
Stop the process, about to dip in deep

Activate yourselves
All you sons of Zion
Soldier eyes, like a lion

Early in the morning
Got me grinding, overtime
(You've got me grinding, overtime, yeah)
Got mouths to feed in
I'll be working till late in the evening
(I'll be working till late in the evening)
Early in the morning
Got me grinding, overtime (Oh, overtime)
Got mouths to feed in
I'll be working till late in the evening
(Said I'll be working till late in the evening)
