

# Live It Up

Sons Of Zion

We gon' live it up  
Oh, oh, yeah  
We gon' live it up  
Ooh, yeah

What if this was it  
You didn't know it yet but armageddon's on your doorstep  
Knockin'  
The funny thing is this  
For all we know, it could be right around the corner  
Oh

So the question is  
How you gonna deal with it?  
Sit back and cry and take leaf and maybe you'll say

And so I'll tell you this  
I don't really give a shit  
'Cause we might not see tomorrow

This could be the last  
Night of your life  
I wouldn't want to see you waste it, baby  
'Cause if this is the last  
Night of my life  
I never wanna see the break of day  
Gon' live it up

Took another sip  
'Cause if we goin' out, we're leavin' off the top shelf  
Just another hit  
'Cause we're not making memories for tomorrow  
Oh

So the question is  
How you gonna deal with it?  
Sit back and cry and take leaf and maybe you'll fly

And so I'll tell you this  
I don't really give a shit  
'Cause we might no see tomorrow

This could be the last  
Night of your life  
I wouldn't want to see you waste it, baby  
'Cause if this is the last  
Night of my life  
I never wanna see the break of day

Oh, no  
Don't waste no time  
Let's live for the night, yeah  
Go, do whatever you like  
Just let me take you higher

This could be the last  
Night of your life

I wouldn't want to see you waste it, baby  
'Cause if this is the last  
Night of my life  
I never wanna see the break of day

This could be the last  
Night of your life  
I wouldn't want to see you waste it, baby  
'Cause if this is the last  
Night of my life  
I never wanna see the break of day

Gon' live it up  
Gon' live it up
