

Love On The Run

Sons Of Zion

Heard 'em say we're too young
And this is all just for fun
But we both know the truth
This is where we belong
I'm sick of holding my tongue
They treating us like we're dumb
But when we make it through
We gon' prove them all wrong

So we should run away, run away, run away as fast as we can
'Cause no one else understands
So let's make a plan

So pack your bags, girl
Put your white dress on
And we ain't telling no one
Let's take this love on the run
So pack your bags, girl
Vegas here we come
And we ain't telling no one
Let's take this love on the run

So here we are and it's on
They ask you if I'm the one
So baby, just say I do
And we'll drive into the sun

And we can go where we want
Follow the road
They say we're too young
Well, let's put on a show
But when it's all said and done
It's just us ain't no one gotta know

So we should run away, run away, run away as fast as we can
'Cause no one else understands
So let's make a plan

So pack your bags, girl
Put your white dress on
And we ain't telling no one
Let's take this love on the run
So pack your bags, girl
Vegas here we come
And we ain't telling no one
Let's take this love on the run...

I heard 'em say we're too young
And it was all just for fun
But baby, we made it through
Yea, we proved them all wrong
