

Addiction

Sonta

(Damn)

I'm so scared to fall in love once again
'Cause you played and you too stuck in your ways
All the fucks I had I gave
I keep saying I'm through, but it's like substance abuse

My addiction, ah
You're my addiction, ah
I need to be admitted 'cause I'm addicted
You're my addiction

This is a public service announcement
I'm not coming up off that man

I love it when you put me in my place and still make me feel safe (Safe)
I love it when you tell me that I'm beautiful, you say it every day (Day)
It's the dick for me, it's your lips for me
It's the way I know you're gonna do the clit for me
It's the trust for me, that's a must for me
I love the way you show me you fuck with me
I don't wanna lose this relationship
So we gotta stay strong, don't wanna move on

I'm so scared (You did me wrong)
To fall in love once again (Ooh, once again)
'Cause you played and you too stuck in your ways
All the fucks I had I gave
I keep saying I'm through, but it's like substance abuse

My addiction (I can't get over you)
You're my addiction (It's like I got the flu)
I need to be admitted 'cause I'm addicted
You're my addiction
All I can say

Yeah, haha
I'm addicted to you, baby
Yeah
That's all I got
