All I do is think of you  
In my freetime  
Ina meantime  
In between time

All I do is think of you  
Day and night  
That's all I do

Some us time  
That love time  
That trust time

Act right

Think about it tell me baby

And turn into ya silhouette  
And when you touch me

Do a dance den a head stand to a split  
Crawl up through his legs and give em a kiss

And now they wonder ng f she really a freak up in the sheets  
Dey don't know about the strawberries  
The candles everything in whip cream

Everytime
