

(Can't fuck with me)

Who was there when you ain't have shit?
You picked you up when you was done?
I was there standing on business
You made it, so lie in your bed now
Now you gon' see when I give you back to the streets
That these hoes can't fuck with me

These hoes can't fuck with me
And I put that on your life
Only give this shit one time
Won't get the same me twice
When you lay in bed at night
I swear you gon' realize
You gon' realize that these hoes can't fuck with me
These hoes can't fuck with me (They can't)
These hoes can't fuck with me
These hoes can't fuck with me

'Cause you had a boss chick
Yeah, I'm getting to the money
I'mma fuck you real good, make sure the house clean, make sure you eat
And the girls you cheat with could never stand next to me
So I gotta leave, moving on to much better things
You had something good, but
You just wanna have fun
You can't keep it real, don't care how I feel
So I gotta chill on you

Who was there when you ain't have shit?
You picked you up when you was done?
I was there standing on business
You made it, so lie in your bed now
Now you gon' see when I give you back to the streets
That these hoes can't fuck with me

These hoes can't fuck with me
And I put that on your life
Only give this shit one time
Won't get the same me twice
When you lay in bed at night
I swear you gon' realize
You gon' realize that these hoes can't fuck with me (No, no, no, no)
These hoes can't fuck with me (They can't)
These hoes can't fuck with me (No, no, no, no)
These hoes can't fuck with me (No, no, no, no)

How you fumble me?
Have to laugh at you
Now I gotta ball on you, and I wanted to ball with you
But you know what they say
That's what happen when I brag on you, mm
Hol' up, I'm tripping
I forgot who I was for a second
You had me fucked up
But it's cool 'cause I'm finna move on and I promise you that my next nigga

finna luck up
We ain't got nothing if we ain't got trust
I ain't settling, baby, that shit for dust
Nah, don't come back with all that "I'm sorry" shit
I don't wanna hear it
