

# Chocolit

Sonta

I know I got you locked in  
And I'm the only one with the key  
This feeling can't stop it  
I'ma make you go insane  
Oh Baby that's that Chocolit  
It go drip, drip, real slow, real slow  
Look how I got you watching  
While I'm putting on a show, a show  
Baby

Spread my legs like a Twix  
Give my Hershey a kiss  
You never had no love like this facts  
Break you off just like a Kit Kat  
Up, down, round and round, side to side  
That's how I ride, on yo butterfinger  
Crazy sounds in and out, slip and slide  
Now when you not yourself, you need a snickers

I know I got you locked in  
And I'm the only one with the key  
This feeling can't stop it  
I'ma make you go insane  
Oh Baby that's that Chocolit  
It go drip, drip, real slow, real slow  
Look how I got you watching  
While I'm putting on a show, a show  
Baby
