

Why when I like somebody they don't like me  
And when I don't then they wanna make me they wifey  
I don't wanna be in love I know it's blinding  
Then I get mad when I feel like you're not trying

Don't know what's wrong, guess I'm looking for something that don't exist  
It's been happening too long, for some reason I just can't call it quits

I, I don't know what to do I'm confused  
I, I don't know what to do I'm confused  
What's love got me ready to say fuck love  
Cus I been through enough stuff I don't trust love  
She'll have you fucked up yea that shit'll have you fucked up  
What's love cus I been through enough stuff naw I don't trust love  
Fuck love, shit'll have you fucked up  
Yea that shit'll have you fucked up

Me versus love and I feel like I am losing  
It's really a drug and I feel like I am using  
Scratchin' me up swear you can still see the bruisin'  
It's messing me up man that shit is so confusing

It's what you do that got me in love with you  
I can't deny it maybe it's bad timing  
Want you to be mine and then I want you to be my man

I, I don't know what to do I'm confused  
I, I don't know what to do I'm confused  
What's love got me ready to say fuck love

What's love cus I been through enough stuff naw I don't trust love

I'm so confused why you tryna use my feelings against me  
This shit can get deep digging deeper  
Cus we both know I'm a keeper  
Say you love me don't believe ya show me  
Or I'm gonna leave ya this the type of fucked up shit I go through  
Thinking about you cus you know I love you and  
I be mad over shit you do but I can't help that I'm no fool  
But I am confused what's a girl to do because I don't wanna lose you  
No I don't no I don't no I don't don't wanna lose you
