

# Flaws N All

Sonta

I gave up on love  
Yeah

I gave up on love, I thought it didn't exist  
The last man I gave my heart to, I found out he wasn't shit, babe  
Right up out of the blue, bumped into you  
You was so different from what I'm used to  
And now baby, I don't want to lose you

'Cause I'm fucked up about you  
I'm so fucked up about you  
Don't wanna live without you  
I don't wanna live without you

Boy, I love you, I love ya flaws and all (flaws and all)  
And I ain't never gonna let this go  
Show me what love is  
Show me what trust is  
Now I ain't letting up, so tell 'em hoes yo' spoken for

Boy, I love you, I love ya flaws and all (flaws and all)  
And I ain't never gonna let this go  
You mess my head up  
I wet your bed up  
Now I ain't lettin' up, so tell 'em hoes yo' spoken for

Ooh, that's my man and I mean that shit  
And I don't care what these bitches saying 'cause I'm on his lips  
Never knew a love like this, didn't know it could exist  
Don't go to sleep mad, wake up to a "Good morning" text  
You're the one I need, you're the only one for me  
Fuck these other niggas, you're the only one I see

Boy, I'm fucked up about you  
I'm so fucked up about you  
Don't wanna live without you  
I don't wanna live without you

Boy, I love you, I love ya flaws and all (flaws and all)  
And I ain't never gonna let this go  
Show me what love is  
Show me what trust is  
Now I ain't lettin' up, so tell 'em hoes yo' spoken for

Boy, I love you, I love ya flaws and all (flaws and all)  
And I ain't never gonna let this go  
You mess my head up  
I wet your bed up  
Now I ain't lettin' up, so tell 'em hoes yo' spoken for

(Spoken for, spoke for)
