

Friends

Sonta

I think you're right for me and I'm right for you
So I need to know...

How would you feel?
If I told you that I wanted to make you mine
Could you handle whats real?
If we found ourselves spending a lot more time
How would you feel?
If I told you I could see myself loving you
Would you back out of the deal?
And try to come up with an excuse

When we first met we said we would be friends
Now we up late night on the phone conversations never end
You make me laugh sometimes you make me mad
Feelings come in I thought I would never have
I find myself thinking of you when I'm alone and
I always tell you what to do and you're a grown man
This friendship that we have has clearly gone too far
Started off just talking and now you have my heart

How would you feel?
If I told you that I wanted to make you mine
Could you handle whats real?
If we found ourselves spending a lot more time
How would you feel?
If I told you I could see myself loving you
Would you back out of the deal?
And try to come up with an excuse

Now don't get me wrong, I'm not trying to rush
I'm just saying I build up a little crush
I find myself thinking about you way too much
I must admit I can picture there being us. Cause
You turn me on and make me wanna get real nasty
You take control and I'll do whatever you ask me
But that's a secret that I am willing to keep
As long as you are my F R I E N D

How would you feel?
If I told you that I wanted to make you mine
Could you handle whats real?
If we found ourselves spending a lot more time
How would you feel?
If I told you I could see myself loving you
Would you back out of the deal?
And try to come up with an excuse

Would you back out?
How would you feel?
Would you back out?

How would you feel?
If I told you that I wanted to make you mine
Could you handle whats real?
If we found ourselves spending a lot more time
How would you feel? if I told you I could see myself loving you

Would you back out of the deal?
And try to come up with an excuse

That's my shorty my A1
He been here with me since day one
And I don't never wanna see us end
Even if we gotta continue to be friends
