

I'll Ride

Sonta

Every time I try to love, I get my heart broken
I just crave a love deeper than the ocean
I don't need a basketball player
I just want somebody that's gon' ride for me, oh, baby
I wanna be with you
And I'ma always keep it real with you
I'll kill for you
Put up with your shit, I'll deal with you
Don't have to be perfect or come home
I just want a man who love me, who got goals and

I'll ride, yeah
Long as I can see your loyalty
Baby, I'll ride
Long as you always keep it real with me
Baby, I'll ride
Long as you support my hopes and dreams
Baby, I'll ride, I'll ride, I'll ride

Sometimes, you gotta show a good man that good women do exist
Oh, yeah
And every time the world knocks him down, pick him up, give him a kiss
Oh, yeah
So when they ask me why I'm with you, I tell 'em to relax
I'm gon' be your wife one day, baby, I'm seeking facts
Niggas on my heels and I tell 'em to get back
Bitches on your body, tell 'em that they can get smacked

Baby, I'll ride, yeah
Long as I can see your loyalty (I can see your loyalty)
Baby, I'll ride, oh, yeah
Long as you always keep it real with me (Keep it real)
Baby, I swear I'll ride, yeah, yeah, yeah
Long as you support my hopes and dreams (Support me, everything)
Baby, I'll ride, I'll ride, I'll ride

'Cause I love you
Everything that you do
Ooh, baby, please
Up, down, and around, I'll be there through thick and thin
Up, down, and around, baby, love don't cost a thing

Baby, I'll ride, yeah
Long as I can see your loyalty (I can see your loyalty)
Baby, I'll ride, oh, yeah
Long as you always keep it real with me (Keep it real)
Baby, I swear I'll ride, yeah, yeah, yeah
Long as you support my hopes and dreams (Support me, everything)
Baby, I'll ride, I'll ride, I'll ride
