

Like I Do

Sonta

They can't love you like I do
Boy you know it's true
I know I give you a feeling do you like that
Baby it don't get no realer so don't fight that
Do you feel it too

To keep it trill
I fuck with you because you keep it real
I know you probably in it for the thrill
But you be going straight in for the kill
And that's how I like it
Fuck emotions we can fight it
Cuz I know that love can be blinding
But I'm fucking witcha
And I can see the big picture
So maybe later we can try it, look
I am the best for you
You know I'm better than the rest for you
Chase a bag during the day
At night I handcuff you like I am arresting you
You ain't never met a bitch like me
That can do them lil tricks like me
But that's not what this is about
I know that I took the words right out yo mouth

They can't love you like I do
Boy you know it's true
I know I give you a feeling do you like that
Baby it don't get no realer so don't fight that
Do you feel it too

I'm not saying make it official
Just admit yo head is fucked up like some issues
I'm too busy I ain't tryna be witchu
But when you leave I admit that I miss you
When I'm with you I feel like it's hope still
I swear I be on a high like a dope deal
For these niggas I got no chill
But I fuck with you cuz you so real
Yea that's right you get me high
And that's that shit that I like
Fall in love with you I might
Cuz a real niggas my type
Put you in the game like a starter
With time I only get smarter
If I fuck with you den I go hard
But if you fuck with me I go harder

They can't love you like I do
Boy you know it's true
I know I give you a feeling do you like that
Baby it don't get no realer so don't fight that
Do you feel it too
