

Morning Sex

Sonta

That morning sex
I'm addicted to morning sex
That morning sex have me dripping
I get so wet

That morning sex
I'm addicted to morning sex
That morning sex have me dripping
I get so wet

I want it soon as I wake up yea
I want it soon as I wake up yea
I want it soon as I wake up yea
I want it soon as I wake up yea

First thing, I got something you can drink if you thirsty
That's the only time I want you to hurt me, hurt me do me dirty
In the morning time, love it when you hit it from the side
Let me show you how I ride while the sun peaking through the blinds yea

That morning sex
I'm addicted to morning sex
That morning sex have me dripping
I get so wet

That morning sex
I'm addicted to morning sex
That morning sex have me dripping
I get so wet

I want it soon as I wake up yea
I want it soon as I wake up yea
I want it soon as I wake up yea
I want it soon as I wake up yea
I want it soon as I wake up yea
I want it soon as I wake up yea
