

## Ocean

Sonta

Talking bout drowning bitch A  
Pounding hear the sounds I make  
Them hoes was weak so  
I can't leave you I found you babe  
These niggas snake and  
I don't want them boys  
Around you babe

And you know that I'm  
All yours so fuck some boundaries bae  
You high and I'm off this too say  
You so fine baby I'll do what you say  
You try to grind and I stop  
You stop all the fake

I just try to fight my feelings  
But its too late I don't wanna  
Fling with you think I wanna be with you  
I wanna be mean with you  
Share a promise ring with you

Always had a thing for you since  
I was in high school just cause  
I don't fuck you don't mean  
I don't want you in my ocean  
Take a sip of my ocean you  
Wanna be all over my body like lotion

But you had me open, you had  
Me open plus I might  
Get crazy baby when I get that dope in me  
Dive in my ocean sip from  
My potion you wanna be all  
Over my body like lotion but  
You had me open, you had me open  
Plus I might get crazy baby  
When I get that dope in me

Love when I'm around you  
When I'm around you nothing  
Else matter when we be lounging  
I can't think of nothing else better  
Its time to go baby where you  
Going I can't lie I love that  
Kiss before you leave

When we wake up you love  
Me with no makeup this this  
Shit I can't make up still  
Love me when we break up

Make up to break up that's all we do  
First I love you then you  
Hate me that's a game for  
Fools I don't wanna fling  
With you think I wanna be  
With you I wanna be mean

With you share a promise ring with you...

Always had a thing for you  
Since I was in high school  
Just because I don't fuck you  
Don't mean I don't want you in my ocean  
Baby sip on my potion  
You wanna be all over my body like lotion

You had me open, you had me open plus I might  
Get crazy babe when I put that dope in me
