

One Time

Sonta

I gave you so many chances to be my man
But you hurt me for the last time
Last time was your last try
You looked me in my eyes and you lied to me
If hurting me don't hurt you, it's not meant to be
Even if I want to, even if I miss you
Even if I kiss you, we still got issues

All you gotta do is fuck up one time (One time)
And it's over
I forgave you before, but it's hard to forget
What you did to my heart is hard to commit
All you gotta do is fuck up one time (One time)
And it's over
All you gotta do is fuck up one time (One time)
Thought I told you

Said you want me to have your baby and marry you
Can't let you break my heart again, your mama might have to bury you
How would you feel if I went out and embarrassed you?
Or when you needed me, I wasn't there for you
Thought we was loving, but you're a fraud
Say we rocking, then you broke my heart
I saw a life with you, we had plans
Boy, I'm tired of giving chance after chance

All you gotta do is fuck up one time (One time)
And it's over
I forgave you before, but it's hard to forget
What you did to my heart is hard to commit
All you gotta do is fuck up one time (One time)
And it's over
All you gotta do is fuck up one time (One time)
Thought I told you
