

# Your Mistake

Sonta

I feel like your drifting away  
Can't lie I want you to stay  
But one thing I refuse to do is chase  
Why you can't pick up the phone  
I know you out doing me wrong  
You thinking that it is sweet but I'ma be gone

It's your M-I-S-T-A-K-E  
It's your M-I-S-T-A-K-E  
Your mistake baby

Should've never dropped my hoes for a nigga like you  
Thinking that you would stay true  
I am that bitch and it don't get no better  
So you are the one that's gone lose  
You look like a fool

They treat my business like it's news  
That's why you the one that these hoes like to choose  
But it be like that you gone be right back  
Cause what them hoes lack  
You know that I pack and I'm just speaking facts  
Keep it g like a stack they can't stand next to me  
All them hoes a get smacked line 'em up like class  
You gone feel it first if you put me last  
Make that your biggest regret

But all that I asked was that you keep it real and come back home to me  
You lying to me for these ratchet ass hoes that's your specialty  
If she's that important to you then maybe that's where you should be  
I never come second to none and I never had to compete  
So if you lose out on me you dumb cause yo life gone be incomplete  
I rather you leave than for you to cheat feeling like I got heartbreak on repeat  
I'm tired of going through the same thing I need someone real to be on my team
