

Walk Away

Sonya Kittell

How do you feel about this?
Cause your eyes say the words,
your mouth can't convey.
Is it crazy to doubt this?
Or do I head the voice
and just walk away

Walk away.....

It's the same old story,
though the characters change
the roles stay the same.
I am ready for love's glory

There'll be no tragedy
under my name.

Walk away.....

For I'd take you in
to my arms for a while
Forgive and forget
at the sight of your smile,
Be there for you
When I should run a mile
and that's just the problem
Just the problem

Walk away.....
