

Why U Mad

Sophia Grace

You keep talking bout me still I bring the fire!
You keep tripping over me like I'm a wire

Why u mad, why u mad, why u mad
Why u mad, why u mad, why u mad
You keep bringing me down but I turn up higher

Don't hate on the happy, it's never gonna work
Loving yourself should always come first
Never gonna change, just my look
All my girls come sing this hook

Why u mad, why u mad, why u mad
Why u mad, why u mad, why u mad
Your jealous, you gonna know quick, I do what I do and I don't need this

Why u mad, why u mad, why u mad (don't be mad, don't, don't be mad)
Why u mad, why u mad, why u mad, (why u mad)

Look out, you've been burning up just like a lighter
I can't hear your noise, I'm singing like a choir

Why u mad, why u mad, why u mad
Why u mad, why u mad, why u mad
You keep bringing me down but I turn up higher

Don't hate on the happy, it's never gonna work
Loving yourself should always come first
Never gonna change, just my look
All my girls come sing this hook

Why u mad, why u mad, why u mad
Why u mad, why u mad, why u mad
You're jealous, you gonna know quick, I do what I do and I don't need this

Why u mad, why u mad, why u mad (don't be mad, don't, don't be mad)
Why u mad, why u mad, why u mad (why u mad, don't be mad)

Hey-e-ey, you're just another hater, mad cause I'm going up the elevator
See us doing big things frowned up
But act like it's all love when you're around us
Instead of being mad you should be glad
Cause I could probably help you secure a bag
But instead you are mad from the beginning
So all Imma do is keep winning

Why u mad, why u mad, why u mad
Why u mad, why u mad, why u mad
You're jealous, you gonna know quick, I do what I do and I don't need this

Why u mad, why u mad, why u mad (don't be mad, don't, don't be mad)
Why u mad, why u mad, why u mad (why u mad)

Why u mad, why u mad, why u mad
Why u mad, why u mad, why u mad
You're jealous, you gonna know quick, I do what I do and I don't need this

Why u mad, why u mad, why u mad (don't be mad, don't, don't be mad)
Why u mad, why u mad, why u mad (why u mad)
Don't be mad
