

## I'd Rather

SOPHIA

You think you've got me all figured out  
you make me feel like I should be ashamed of myself  
I'd rather die than change the way I look at life  
I'd rather die than change the way I look at life

and God, I hope that you weren't a waste of my time  
should I have to accept the pain of your past

even though it's not the way that I might act  
but can't you see if I admit that I was wrong  
well I'm afraid it'll go on and on and on  
and on  
and God, I hope that you weren't a waste of my time
