

## If A Change Is Gonna Come

SOPHIA

Been walking down this road everyday of my f\*cking life  
And if a change is gonna come  
God I hope I bleed this river dry  
Coz I'm a steamroller, bulldozer  
And life's a bitch and then you die  
Don't waste your time and wonder why  
It's just a bitch yeah and then you die  
Sometimes I hate all day sometimes I hate all night

Sometimes I hate everything but sometimes isn't that

alright?

Gotta get a grip, guess I gotta get a grip yeah  
To think is good, but to know is best  
Don't close your eyes  
No time to rest  
Coz life's a bitch yeah and then you die  
And it's too short yeah to wonder why  
It's just a bitch yeah and then we die  
There's no time no to wonder why  
It's just a bitch yeah and then you die
