

Obvious

SOPHIA

Hey

What am I supposed to say?

Babe

Can't you see that I'm hurting here?

And I know that I promised I would never be your shadow

But why you'd have to bring your light back in to my life?

And why do we fight it deny it defy it?

Oh isn't it obvious?

Why do we fight it deny it defy it?

Oh isn't it obvious?

Oh isn't it obvious?

And hey?

Is there something you'd like to say?

Babe

You disappear and then you reappear

And I know that I promised I would never be your shadow

But then you had to bring your light back in to my life...

And why do we fight it deny it defy it?

Oh isn't it obvious?

Why do we fight it deny it defy it?

Oh isn't it obvious?

Oh isn't it obvious?

That to me

That to me

We're still a perfect 3

Oh wasn't it obvious

That to me

That to me

We were still a perfect 3?
