

# Green Eyes

Sophie B. Hawkins

How  
Did I find you here  
Through  
The trees you appear

Green eyes  
Green eyes in the snow  
Green eyes  
Take me with you where you go

I  
Wanted to play  
And you  
Told me to stay

Green eyes  
Green eyes in the snow  
Green eyes  
Take me with you where you go

Show me what I'm missing  
Show me how to leave this world alone  
Show me now  
A love that calls me home

Show me what I'm missing  
Show me how to leave this world alone  
Show me now  
A love that calls me home

Time  
Turns into space  
And I  
I know your face

Green eyes  
Green eyes in the snow  
Green eyes  
Take me with you where you go

Green eyes  
Take me with you
