

Hungered For Love

Sophie B. Hawkins

Looking out on a sea of faces
Everybody's got their places
I got none
Summer rain is coming down
Peace and love are wrapped around everyone

Baby when you walk away
I can't keep loneliness at bay

You take my hand and I transform
You kiss my lips and I want more
I only hungered for love before

I'm ready to break down
Tumble off the edge of sound
Like a feather
All the king's horses and all the king's men
Couldn't put me back together

Baby when you come around
I feel all of my walls tumbling down

You take my hand and I transform
You kiss my lips and I want more
I only hungered for love before

And I never knew you existed
Stealing like a mist across the bay
But your love has persisted
And I want you, yes I want you
I want you not to go away

You take my hand and I transform
You kiss my lips and I want more
I only hungered for love before

You take my hand and I transform
You kiss my lips, baby I want more
I only hungered for love

I only hungered for love
