

I Gotcha

Sophie B. Hawkins

I gotcha!
Uh huh, huh
You thought I didn't see ya now, did ya?
Uh huh, huh
Ya tried to sneak by me now, didn't ya?
Uh huh, huh
Now gimme what you promised me
Give it here
Come on
Oh, good God!
Oh, girl...

You promised me the day that you quit your boyfriend
That I'd be the next one to ease on in (know what I'm saying)
You promised me that it would be just us two
Yeah, and I will be the only man kissing on you

Now kiss me
Hold me long time
Hold it
Don't turn it loose now
Hold it, a little bit longer now
Hold it, come on
Hold it
Hold it
Hold it
Hold it
Hold it
Give it up for me now!
Get back, God!
Alright...

Made me a promise and you're gonna stick to it (that's right)
You should not promise if you wasn't gonna do it (you know)
You saw me run in the other direction (what's that about?)
I'll teach you to play with my affection

Sssshhhhhh
Give it here
You never shoulda promised to me
Give it here
Don't hold back now
Give it here
Don't say nothing just
Give it here
Come on
Give it here
Give it here
Give it here
Give it here (too sweet!)
Give it here
I gotcha!

Maybe I like you
Maybe I don't
Maybe I got you whenever I want
To the hour, everyday

Baby I gotcha whenever I say
Ooh, that's my rule
Baby I got you whatever I do
Ha! I'm so fine!

I gotcha, babe
You're my baby
