

## 17chains

Sophie Cates

You sang our song live on TV  
I don't think anyone noticed  
That I could tell you don't look happy  
Your eyes were so wide and unfocused  
And I know that I'm going crazy  
Looking for things that'll make me feel  
Better about how you left it  
Little signs that you could miss me

You're wearing 17 chains now  
Looks like your ego took over  
Looks like you started working out  
But I heard you couldn't stay sober  
And I know its none of my business  
To worry about how you're doing now  
And I should stop watching all your shit  
But I need to know if you're going through it at all

Cause it looks like you're living your best life with all that I gave you  
Leaving with my love, seeing what it made you  
I'm running on empty, I feel like I hate you  
Cause I healed you, and you left it and left in a great mood  
Yeah, I healed you, then you left it and left in a great mood

You loved my childlike wonder  
You said that I was the reason  
You weren't falling back under  
Into the drugs and the fake shit  
Then you ran with all of my magic  
And now I feel older and jaded  
'Cause I would've died for your causes  
But you took all mine and erased 'em

And it feels like you're living your best life  
With all that I gave you  
Leaving with my love, seeing what it made you  
I'm running on empty, I feel like I hate you  
Cause I healed you, then you left it and left in a great mood  
Yeah, I healed you, then you left it and left in a great mood

And you're home, in the life we created  
And you left me out here alone  
And you stole shit I didn't tell no-one  
And told it for me, you're so cold  
Cause my daddy issues weren't meant to be inspo  
You lied in that song said you'd heal me from him, so  
Fucked in the head, all you saw was my weakness  
You knew you could use it to make me feel weak  
And you messed up my head, you made me trust you  
I don't wanna get off, I just wanna fuck you  
All for nothing, time I won't get back  
Guess you got what you needed I hate you for that

I hate that you're living your best life, with all that I gave you  
Leaving with my love, seeing what it made you  
I'm running on empty, I feel like I hate you  
Cause I healed you, and you left it and left in a great mood

Yeah, I healed you, then you left it and left in a great mood

I healed you, and you left it and left in a great mood

Left it in a great mood

In a great mood, and I healed you, and you left me
