

like that

Sophie Cates

Call you on my way down the interstate
I don't feel a thing, try to shake it off
Nothing in my way, I don't hesitate
I don't feel a thing as I take it off
Touching on your bed, but it's not what I wanted
Kissing on my neck, but my skin is so haunted
Bet you take my breath to forget that I lost him
I've been alright, I've been alright, I've been alright

Pillow talk, pull me off
Kiss me softer when you talk to me like that
Talk to me like that
You imagine a box, switch the rolls on my top
I could give it to you right back

I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that

I keep playing roles you made up in your mind
Tell me all the thing that you want to do
Get you high and low, looking through your eyes
All I see is him when I'm fucking you

I don't know how to cope
When I'm alone
Sent you videos, on my phone
Begging you to make me feel like I'm still wanted
(I wanna make you say)

Pillow talk, pull me off
Kiss me softer when you talk to me like that
Talk to me like that
You imagine a box, switch the rolls on my top
I could give it to you right back

I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that (that, that, that, that)
I could do it like that

I don't know how to cope
When I'm alone
Sent you videos, on my phone
Begging you to make me feel like I'm still wanted

I don't know how to cope
When I'm alone
