

# Nasty

Sophie Cates

Goddamn, I'm beautiful, I wanna kiss your neck in the bathroom stall  
And it's so unusual, for me to act this bold, it's not like me at all

But I want you to touch me, baby, I just wanna be nasty  
And I want you up on me, I had a dream about it just last week  
And I've been so lonely, I'm not usually forward with these things  
But if you wanna have me, then, baby, I just wanna be nasty

Standing in the hall of the bar, I like the way you walk  
I thought, "I gotta know who you are", I wanna hear you dirty talk  
I want you to whisper, come on, make me shiver  
Making me feel perfect, I could go in and that's exactly why

I want you to touch me, baby, I just wanna be nasty  
And I want you up on me, I had a dream about it just last week  
And I've been so lonely, I'm not usually forward with these things  
But if you wanna have me, then baby, I just wanna be nasty

I want you to touch me, baby, I just wanna be nasty  
And I want you up on me, I had a dream about it just last week  
And I've been so lonely, I'm not usually forward with these things  
But if you wanna have me, then baby, I just wanna be nasty
